## Take Cuba off the List of State Sponsors of Terrorism

For more than 60 years, the US government has pursued a hostile policy against Cuba with the clear political intent to isolate the Cuban people through a cruel and inhumane blockade.

In the midst of the pandemic, the Trump administration sought to further damage the Cuban economy not only by reinforcing the blockade with 243 new sanctions, but also by including Cuba on the of State Sponsors of Terrorism list.

**This designation makes it much harder for Cuba to make transactions using international banking systems and acquire necessary goods on the international market**, such as fuel, food, construction supplies, hygiene products, and medicine.

**We want to reach more than one million signatures** to demand that the current US government remove Cuba from the State Sponsors of Terrorism list and unconditionally end the blockade, which is rejected by the entire international community.
